## The New York World

Thrice-a-week Edition.

The Thrice-a-week World hopes to be in 1908 a better paper than it has ever been before, and it has made its arrangements accordingly. Its news service covers the entire globe, and it reports every thing fully, promptly and accurately. It is the only paper, not a daily, which is as good as a daily, and which will keep you as completely informed of what is happening throughout the world.

The Thrice-a-week World is fair in its political reports. You can get the truth from its columns, whether you are a Republican or Democrat, and that is what you want.

A special feature of the Thrice-a-week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for \$1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.

The Thrice-a-week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and The Banner together for one year for \$1.65. The regular subscription price of the two papers is \$2.00.

## FIELD DAY EXERCISES

Those Interested in Athletic Sports Will Be Well Repaid By Attending the Pensacola Interstate Fair, Friday, Nov. 1.

Friday afternoon of the fair week, the race track and the space in front of the grandstand will be turned over to the Y. M. C. A., and some field day exercises will take place.

Some of the best athletes in this section of the country will participate in the various sporting events and the program for Friday afternoon will afford quite a treat for those who are interested in athletic contests of various kinds.

A number of handsome prizes and trophies will also be offered in these events and this feature promises to be a great drawing card for this year's fair.

Says the Philosopher.

I expect the man who is always satisfied with himself has all the best of life, after all.

Product of Bermuda Lily.

It is uncommon for a Bermuda Lily grower to plant 15,000 bulbs at one time.

## OPENING DAY PARADE

Governor Gilchrist and Staff, U. S. Troops and Brass Bands Will Participate—A Gala Event.

The opening day parade at the Pensacola Interstate Fair is an event which always precedes the opening day ceremonies and marks the beginning of the gala week. Besides the trades display, floats from practically every business house in the city, battalions of United States troops from the local forts, the local companies of state militia, the boy scouts, portions of the Pensacola fire department, mounted men from the sheriff's office, city officials, county officials and officials of the State of Florida and neighboring States participate in this parade. Governor Gilchrist and staff will attend this year and take part in the parade and chief executives and officials of neighboring States have already accepted invitations to attend.

The parade forms at the Palafox street wharf and to the music of local bands from Fort Barrancas marches through the gaily decorated streets to the fair grounds. When the parade reaches the fair grounds the gates of the fair are formally opened and the opening ceremonies follow immediately.

## TRADE EXHIBITS

This Department Will Surpass All Past Exhibitions of Its Kind.

Another very interesting department of the Pensacola Interstate Fair is the trade exhibits department, the primary purpose of which, of course is advertising on the part of the merchants, but premiums are offered for the most attractive exhibits in this department, with the result that some unusually attractive trade exhibits are to be found at the fair.

Not only have a large number of local business people already engaged space for trade exhibits, but many applications and reservations have been made by firms in other states and this department this year is sure to far surpass anything of the kind ever seen here.

Strangers in the city and fair visitors acquire a better knowledge of the commercial advantages of this city and territory in this manner than they could otherwise attain and the department of trade exhibits is considered one of vast importance.

When you have a bad cold and want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion. I have sold Chamberlain's Cough Remedy for 15 years, says Knos Lollar, Sarasota, Ind., and consider it the best on the market. For sale by all dealers.

## THE POULTRY DEPARTMENT

Interest Has Increased and More Premiums Have Been Offered Than Ever Before.

Interest in the Poultry Department of the Pensacola Interstate Fair has so greatly increased from year to year that it has become necessary to make provision for much more space this year than has ever been used before. The building which was used last year for the agricultural exhibits will be occupied this year exclusively by exhibits in the poultry department. The liberal regular premiums which the Fair Association has always offered in this department have been increased this year, as have the special premiums which are always offered by practically every important business house of Pensacola. There are more premiums this year than in former years and there will be more exhibits. The judging in this department this year will be done by two poultry experts, whereas in former years this task has been performed by one man. W. L. Wittich, Jr., president of the Escambia County Poultry Association has charge of this department and is highly gratified at the increased and growing interest which is being manifested.

Keep Out of Debt.

You are as rich as anybody if you don't owe anybody anything.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger. "But Mrs. R. J. Flint, Haines, Va. is of that kind. She insisted on my using Dr. King's New Discovery, writes Mr. F. for a dreadful cough, when I was so weak my friends all thought I had only a short time to live and it completely cured me." A quick cure for cough and colds, it is the most safe and reliable medicine for many throat and lung trouble—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1. Guaranteed by S. E. McGeechey.

## TRANSPORTATION RATES

Visitors Will Receive Reduced Rates and Tickets Will Be Good for Several Days Before and After the Fair.

For the accommodation of the exhibitors to the fair, arrangements have been made with all the railroad companies operating into Pensacola to furnish special transportation facilities and rates for the Pensacola Interstate Fair.

All of the railroads operating into the city have agreed to give passengers a rate of one fare plus 25 cents, the tickets being good for several days before and after the fair, thus giving visitors an opportunity to visit the city and look around before or after the fair.

Freight rates have also been secured on all of the roads, so that exhibitors will only be required to pay half price for the transportation of articles brought here to be exhibited during the fair. Every article brought to the Pensacola Interstate Fair and placed on exhibition will be returned to the place from which it was shipped by the railroads free, the exhibitor being only required to pay the regular rate for the transportation of the article to this city.

J. W. Copeland, Dayton, O., purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold and before the bottle was all used the boy's cold was gone. Is not that better than to pay a five dollar doctor's bill? For sale by all dealers.

## LIVE STOCK DEPARTMENT

Valuable Cash Prizes Offered—New Feature of This Exhibit Will Be Belgian Hare Department.

The Live Stock Department of the Pensacola Interstate Fair has always been one of its strongest features. This department is under the direction of C. H. Simpson, of Santa Rosa county, one of the most successful farmers of West Florida. It has always been the aim of the management to make this department of the fair truly typical of this section of the state and to accomplish this valuable cash premiums have been offered as first, second and third prizes for the best specimens of all kinds of domestic animals exhibited.

A new feature of the live stock exhibits this fall will be the Belgian Hare Department, in charge of R. C. Forrest, of Pensacola. In addition to the regular premiums offered for exhibits of Belgian hares, Mr. Forrest has secured special premium offers from scores of business houses in the city. Great interest is being manifested in this department, Mr. Forrest already having received notification that there would be exhibits not only from Pensacola and West Florida, but from the Belgian hare breeders in all sections of the country.

Here is a woman who speaks from personal knowledge and long experience, viz Mrs. P. H. Bragan, Wilson, Pa. who says, I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it. For sale by all dealers.

## THE BABY SHOW

Hundreds of the "Little Dimpled Darlings" From Far and Near Will Enter Contest.

Although it was not mentioned until a couple of weeks before the opening of the fair last year, undoubtedly the biggest success of the entire fair was the baby show, which was held on Friday of the fair week, one of the judges being Florida's bachelor governor.

The good women who had charge of this feature last year were much elated over the unqualified and unquestioned success of the undertaking and it was decided to make this a regular feature of the Pensacola Interstate Fair.

The management is already receiving numerous inquiries about the baby show this year and it is expected that hundreds of the "little dimpled darlings" from far and near will be entered in this contest this year.

This proved one of the strongest drawing cards of last year's fair, the record crowd for the week being present on that day and a great deal of interest in the proposed event this year is already apparent.

A large number of prizes will be offered for the babies of various ages and every parent is invited to enter his children, the entries being open to the world.

SAVES LEG OF BOY.

It seemed that my 14 year old boy would have to lose his leg on account of an ugly ulcer caused by a bad bruise, wrote D. F. Howard, Agone, N. C. All remedies and doc ore treatment failed till we tried Buckle's Arnica Salve, and cured him with one box. Cures burns, boils, skin eruptions, piles. 25c at S. E. McGeechey.
